RE: LEASE: ZANOBIA 2
LEGAL: 1624'FSL-1042'FEL 05-17S-32W
COUNTY: SCOTT
API NO: 15171206440000

Dear Mr. Blankenau:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Zanobia 2 well.

The original 365 days for closure expired November 18, 2007. This extension will expire October 23, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Notice of Violation 82-3-602

Dear Ms. Flaharty,

This letter is a follow-up to our recent conversation and in response to your letter of May 28, 2008. Regarding the pit for the following well :

<u>API NO.</u>	<u>WELL</u>	<u>LOCATION</u>	<u>COUNTY</u>	<u>SPUDDATE</u>	<u>EXTENSION EXPIRATION</u>
15171206440000	ZANOBIA 2	5-17-32w	SCOTT	11/18/2006	4/20/2008

We have had great difficulty getting this pit closed due to weather conditions. The Pit is currently 85% closed and conditions would allow us to finish the closure however the land owner has requested we wait until after wheat harvest.

Please consider extending the required date of closure until that time.

Sincerely,

Daniel F. Blankenau
