RE: LEASE: PLATT 2-6
LEGAL: 1865'FNL-2130'FWL 06-34S-15W
COUNTY: BARBER
API NO: 15007231830000

Dear Ms. Dahlinger:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Platt 2-6 well.

The original 365 days for closure expires August 30, 2008. This extension will expire November 30, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Re: Platt #2-6 – Closure of pits
NW Sec. 6-34S-15W, Barber County
API 15-007-23183-0000

Dear Ms. Flaharty:

Enclosed please find a copy of your August 4, 2008, letter indicating that the drilling pits used for the above referenced well should be closed by August 29, 2008, to be followed within 30 days by the filing of a Closure of Surface Pit, form CDP-4.

Our field supervisor for this area indicates that the rock and soil materials that were used to form pits have been partially restored to their original condition. We are primarily awaiting drier conditions to finish up surface restoration activities. We anticipate that the pit area will be restored yet in August or September, and are requesting an extension until October 15, 2008, to file the CDP-4 form for this well/pit area.

Please confirm that the extension of time to file is acceptable to the KCC. If you have any questions at all, please just let me know.

Sincerely,

Krista L. Dahlinger
Production Administrator

Re: Closure of Drilling Pits
PLATT Lease Well No. 2-6
NW 6-34S-15W
BARBER County, Kansas
API No. 15007231830000

Dear Sirs:

The above referenced well was spudded on 8/30/2007. According to K.A.R. 82-3-602, "Drilling pits ... shall be closed within a maximum of 365 calendar days after the spud date of a well". The subject drilling pits must be closed by 8/29/2008. A Closure of Surface Pit, form CDP-4 (April 2004), should be filed within 30 days after the drilling pits are closed. **Conservation division forms are available through our office and on the KCC web site: <http://kcc.ks.gov/conservation/forms/>**

Should an extension be warranted, it must be received by 8/29/2008. **TO FILE FOR AN EXTENSION, PLEASE SEND A COPY OF THIS LETTER WITH THE FOLLOWING INFORMATION COMPLETED:**

Date of location inspection by operator/agent: Daily by contract pumper.

Reason for extension: Pit closure has commenced and is partially completed.
We are waiting on drier ground surface conditions to avoid additional
damage by using heavy equipment in the area.

Estimated period of time until pit closure: October 15, 2008.

Failure to timely close the pit, file a request for an extension or file the closure form within the allotted time periods may result in assessment of an administrative penalty.

Your cooperation in this process is appreciated. If you have any questions or concerns, please call Sammy Flaharty at (316) 337-6227.
