RE: LEASE: BARTEL A 2  
LEGAL: 1885'FNL-1690'FWL 09-19S-01E  
COUNTY: MARION  
API NO: 15115213630000

Dear Mr. Jervis:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Bartel A 2 well.

The original 365 days for closure expired December 12, 2007. This extension will expire September 19, 2008. We urge you to make every effort to close these pits within this time frame. **In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure.** Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

RE: #2 Bartel A  
API # 15115213630000  
NW/4 Sec. 9-19S-1E  
Marion County, Kansas

Dear Sammy:

I noticed on my calendar that the extension to backfill our pits on the above-captioned well expires on August 22nd. We checked them yesterday and they still have some water in the pits. We will not have this site level before the 22<sup>nd</sup> and are requesting another extension. Our pumper will continue to check them but we would like to have an extension through November 22<sup>nd</sup> to get them finished.

It's been a good summer for growing grass but not to backfill drilling pits.

Thank you for your consideration.

Very truly yours,

**Range Oil Company, Inc.**

David T. Jervis
