RE: LEASE: BENNING/MULLER 3-33
LEGAL: 875'FNL-1370'FWL 33-33S-17E
COUNTY: MONTGOMERY
API NO: 15125313730000

Dear Ms. Stotler:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Benning/Muller 3-33 well.

The original 365 days for closure expires July 31, 2008. This extension will expire September 15, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: CLOSURE OF DRILLING PIT

Dear Sammy:

Enclosed find a copy of your letter dated July 3, 2008 regarding the approval of the request of time to close the drill pit for the Benning/Muller 3-33 located 33-33-17E Montgomery County Ks.

Due to the wet weather the ground conditions are where we are unable to get the pit closed and are requesting an extension of time to Sept 15, 2008 to get the work completed. Hopefully the weather will dry up long enough to give us the chance to get this done.

If you have any questions, contact me at 620-365-3111.

Sincerely,

COLT ENERGY, INC.

Shirley Stotler
Production Clerk.

Re: Closure of Drilling Pits
BENNING/MULLER Lease Well No. 3-33
NWSWNENW 33-33S-17E
MONTGOMERY County, Kansas
API No. 15125313730000

Dear Sirs:

The above referenced well was spudded on 7/31/2007. According to K.A.R. 82-3-602, "Drilling pits ... shall be closed within a maximum of 365 calendar days after the spud date of a well". The subject drilling pits must be closed by 7/30/2008. A Closure of Surface Pit, form CDP-4 (April 2004), should be filed within 30 days after the drilling pits are closed. **Conservation division forms are available through our office and on the KCC web site: <http://kcc.ks.gov/conservation/forms/>**

Should an extension be warranted, it must be received by 7/30/2008. **TO FILE FOR AN EXTENSION, PLEASE SEND A COPY OF THIS LETTER WITH THE FOLLOWING INFORMATION COMPLETED:**

Date of location inspection by operator/agent: 7-7-08

Reason for extension: Ground conditions are too muddy to get equipment in to fill pits

Estimated period of time until pit closure: 9-15-08

Failure to timely close the pit, file a request for an extension or file the closure form within the allotted time periods may result in assessment of an administrative penalty.

Your cooperation in this process is appreciated. If you have any questions or concerns, please call **Sammy Flaherty** at (316) 337-6227.
