RE: LEASE: LIGHT 2-32A  
LEGAL: 1200'FSL-1225'FEL 32-33S-32W  
COUNTY: SEWARD  
API NO: 15175220620000

Dear Ms. Davis:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Light 2-32A well.

The original 365 days for closure expired August 31, 2007. This extension will expire March 27, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

RE: Light #2-23A (Seward County, KS)  
SE 32-33-32

Dear KCC,

Attached is a copy of an "Application for Surface Pit" on the above-referenced well. We were suppose to have this pit closed by November 30, 2007. However, after talking with WL Dirt Contract, our person we hired to close the pit, is going to do some extra work on it to get it go dry out.

**I am asking for a 3 month extension for the closer of this pit until 2-30-08.**

If you would have a question, please feel free to give me a call at 620-275-2963.

Sincerely,

Nancy E. Davis  
Compliance Coordinator
