RE: LEASE: SONJA 1
LEGAL: 1980'FNL-1980'FEL 10-21S-21W
COUNTY: HODGEMAN
API NO: 1508321519000

Dear Mr. Green:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Sonja 1 well.

The original 365 days for closure expired September 4, 2007. This extension will expire May 16, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Dear Sirs,

You've granted us an extension on this lease we are asking permission to extend this longer. We have had too much rainfall in the area. If we try to backfill there will be a permanent wet spot in the farmers field. We need to let it set awhile until we stop getting moisture. Thank you for your consideration in this matter.

Sincerely,

Jerry Green,
President
