RE: LEASE: POTTER D 1  
LEGAL: 1780'FSL01780'FWL 18-17S-24W  
COUNTY: NESS  
API NO: 15135245170000

Dear Ms. Schulte:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Potter D 1 well.

The original 365 days for closure expired August 16, 2007. This extension will expire May 19, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

Re: REQUEST FOR PIT  
CLOSURE EXTENSION

Dear Mr. Louis:

Upon inspecting the following Ness County location for us on November 12th, Bernbeck Construction has determined the drilling pits are still too wet to backfill. Therefore, we need to request a second extension. Your consideration in this matter will be greatly appreciated.
