RE: LEASE: WIELAND UNIT 4-16
LEGAL: 3605'FSL01074'FEL 01-13S-16W
COUNTY: ELLIS
API NO: 15051255280000

Dear Ms. Ward:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Wieland Unit 4-16 well.

The original 365 days for closure expired September 5, 2007. This extension will expire February 15, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Commission:

Per rule K. A. R. 82-3-602(a), Citation is requesting an extension to the 365 day pit closure from spud rule in order to close the drilling pit at the Wieland Unit 4-16 well location until March 2008. I filed a letter requesting a 90 day extension originally on July 2, 2007 in hopes that this pit would be dry enough. The extension was up on December 5, 2007. Citation is requesting an additional 90 day extension.

The pit location for the Wieland Unit 4-16 lies in a bottom topographical area and due to abnormal rain fall and cool temperatures the pit has not had enough time to dry up properly.

If you require additional information to process our request, please contact the undersigned, at 281-517-7309. Thank you.

Sincerely,

Sharon Ward
