RE: LEASE: BARTEL A 2
LEGAL: 1885'FNL-1690'FWL 09-19S-01E
COUNTY: MARION
API NO: 15115213630000

Dear Mr. Jervis:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Bartel A 2 well.

The original 365 days for closure expired December 12, 2007. This extension will expire June 5, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: #2 Bartel "A" 3
API # 1511521360000
Section 9-19S-1E
Marion County, Kansas

Dear Sammy:

Enclosed is a NOV of the above-captioned well. The pits on this well have been pushed but the location is down in a draw and with this winter weather we have not been able to complete the closure of these pits.

With the likely occurrence of spring rains, I am requesting a four month extension on this location. We should have no problem getting them completely closed within that time.

Thank you for your consideration.

Very truly yours,

Range Oil Company, Inc.

David T. Jervis
Land Manager
