RE: LEASE: NITA 21-10  
LEGAL: 1320'FSL-1320'FEL 21-34S-14W  
COUNTY: BARBER  
API NO: 15007230430000

Dear Mr. Thrower:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Nita 21-10 well.

The original 365 days for closure expired August 16, 2007. This extension will expire July 23, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

Dear Mrs. Flaharty:

Per our telephone conversation of today, I am writing to request an additional extension of time in order to close the surface pits on the Nita #21-10 well. The original extension expired 10/16/07 and, due to more rainfall in the immediate area of the well, we were unable to complete the restoration due to wet conditions.

I would be glad to answer any questions you might have regard the above.

Sincerely,

Alan Thrower  
President
