RE: LEASE: OSAGE 100  
LEGAL: 760'FL-2100'FEL 30-33S-14W  
COUNTY: BARBER  
API NO: 15007225690001

Dear Mr. Maxfield:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Osage 100 well.

The original 365 days for closure expired February 20, 2007. This extension will expire June 27, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

  
Doug Louis  
Director

Re: Pit closure for Osage No. 100

Dear Ms. Flaharty:

I am writing in request of an extension on the pit closure for the Osage No. 100 API 15-007-22569. Due to the relentless rain in the Barber County area we have been unable to close the drilling pit on this well. Steve Pfeifer has discussed this problem with our staff and has agreed to an extension. Please call me if you require additional information at (620) 664-9622.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brooke C. Maxfield'.
