COUNTY: RENO
API NO: 15155215060000

Dear Mr. Herndon:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Wilke 2 well.

The original 365 days for closure expired July 30, 2007. This extension will expire May 19, 2008. We urge you to make every effort to close these pits within this time frame. **District staff inspected the pits and found water in them. Please dewater and dispose of fluids in an authorized disposal facility to expedite closure. A dike needs to be constructed to divert field runoff from entering the pit.** Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Dear Madam:

Please be advised of the following extension requests for the following drilling pits; API No. J5155215090000 Vera # 2 Location Sec.19-T23S-R7W Reno County, Kansas and API No. 15155215060000 Wilke # 2 Location Sec. 10-T23S-R7W Reno County, Kansas. Please note this is a second extension, due to the severe weather over the past three months we have been unable to close our drilling pits. We therefore ask the Kansas Corporation Commission for another extension. We will do everything possible as the weather subsides to fill in the pits in a timely matter.

Sincerely,

Bill Herndon
