LEGAL: 2640'FNL-330'FWL 03-25S-17W
COUNTY: EDWARDS
API NO: 15047215470000

Dear Ms. Mpanje:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Russell Trust 1-3 well.

The original 365 days for closure expired January 31, 2008. This extension will expire March 15, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Jonelle,

We acknowledge receipt of violation letters for the open pits associated with the drilling of the above listed wells. We would like to advise that at the moment the pits are too wet to be closed and we therefore seek six months extension to close the pits. Your favorable consideration of this matter will be highly appreciated.
