RE: LEASE: SCHNEWEIS 3
LEGAL: 490'FSL-3540'FEL 06-17S-09W
COUNTY: ELLSWORTH
API NO: 15053211900000

Dear Mr. Kirk:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Schneweis 3 well.

The original 365 days for closure expired December 2, 2007. This extension will expire November 25, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive style with a large, sweeping "D" and "L".

Dear Ms. Flaharty,

Previously we have discussed this producing location and the requirement to close the pits. You granted us an extension until March 2, 2008 to complete this job and we planned to do that.

In phone conversations today Mrs. Bessie Dewurff of L D Drilling, Great Bend, Kansas, has confirmed that the pits have not been closed and in a phone conversations with the field people was told that the location now has water from snow, rain and runoff and still can not be worked.

It is respectfully requested that you grant another 90 days to complete this job. Surely we will be able to get enough dry time to get this out of the way.

Sincerely,

M. Stuart Kirk

Re: Closure of Drilling Pits
SCHNEWEIS Lease Well No. 3
SWSESW 6-17S-9W
ELLSWORTH County, Kansas
API No. 15053211900000

Dear Sirs:

The above referenced well was spudded on 12/2/2006. According to K.A.R. 82-3-602, "Drilling pits ... shall be closed within a maximum of 365 calendar days after the spud date of a well". The subject drilling pits should have been closed by 12/2/2007. A Closure of Surface Pit, form CDP-4 (April 2004), should be filed within 30 days after the drilling pits are closed. **Conservation division forms are available through our office and on the KCC web site: <http://kcc.ks.gov/conservation/forms/>**

Should an extension be warranted, it must be received by 12/2/2007. **TO FILE FOR AN EXTENSION, PLEASE SEND A COPY OF THIS LETTER WITH THE FOLLOWING INFORMATION COMPLETED:**

Date of location inspection by operator/agent: FEB 26 2008

Reason for extension: Still too wet. -

Estimated period of time until pit closure: 90 days

Failure to timely close the pit, file a request for an extension or file the closure form within the allotted time periods may result in assessment of an administrative penalty.

Your cooperation in this process is appreciated. If you have any questions or concerns, please call **Sammy Flaharty** at (316) 337-6227.
