RE: LEASE: WIELAND UNIT 4-20
LEGAL: 2750'FSL-665'FEL 01-13W-16W
COUNTY: ELLIS
API NO: 15051256260000

Dear Ms. Ward:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Wieland Unit 4-20 well.

The original 365 days for closure expired May 10, 2008. This extension will expire December 30, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Re: Pit Closure Extension Request
Wieland Unit 4-20
API 15-051-25626
SW SE NE Sec. 1-13S-16W
Ellis County, KS

Dear Ms. Rains:

Per rule K. A. R. 82-3-602(a), Citation is requesting an extension to the 365 day pit closure from spud rule in order to properly close the drilling pit at the Wieland Unit 4-20 well location until December 30, 2008. The current extension expires on this well on September 6, 2008.

The area around the pit location received 10" of rain in the later part of August and has not dried up enough to back fill. Mr. Marvin Mills, KCC inspector has seen this location and is aware of the problem we are having with the closure of this pit.

If you require additional information to process our request, please contact the undersigned, at 281-517-7309. Thank you.

Sincerely,

Sharon Ward
Permitting Manager

Subject: Pit Ext.

This pit should be okay for extension. Area received 3-4 inches of rain less than a week ago. Thanks. Case.
