Re: Lease: DEWEY 2-18
Legal: SESENE 18-21-13W
County: STAFFORD
API NO: 15185234360000

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the DEWEY 2-18 well.

The original 365 days for closure expired 5/3/2008. This extension will expire 8/31/2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive style with a large initial "D".

• Closure of Surface Pit

Dear KCC,

The "Closure of Drilling Pits" Form CDP-4 is due on this well May 5, 2008. However, after talking to the contractor today, the pit is wet. He said they received 2 inches of rain last week, and this area has received over 40 inches of rain last year.

I am asking for a 6 months extension for the closer of this pit until 11-8-08.

If you would have a question, please feel free to give me a call at 620-275-2963.

Sincerely,

Nancy E. Davis
Compliance Coordinator
