RE: LEASE: KOMAREK 25
LEGAL: 2210'FNL-730'FEL 30-22S-11W
COUNTY: STAFFORD
API NO: 15185234400000

Dear Mr. Griffin:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Komarek 25 well.

The original 365 days for closure expired April 28 2008. This extension will expire October 1, 2008. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(c). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Attn: Sammy Flaharty

Dear Ms. Flaharty,

This letter is regarding the Komarek #25 in Stafford, Kansas. We request an extension on the pit permit on this well due to excessive rain in recent months. By October 1st we hope to have the pits dry so we can close them. If we could have an extension until this date that would be appreciated

Should you have any questions you may contact me at 620-458-9222.

Sincerely,
Bennie C. Griffin
LaVeta Oil & Gas Agent
