RE: LEASE: DALE WILLIAMS 1  
LEGAL: 4950'FSL-1320'FEL 26-16S-09E  
COUNTY: MORRIS  
API NO: ~~151272105780000~~

Dear Mr. Montague:

*15-127-20578-00-00 KCC gpb*

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the Dale Williams 1 well.

The original 365 days for closure expired October 29, 2008. This extension will expire March 29, 2009. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the Closure of Surface Pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

RE: Closure of Drilling Pits  
API # 15-127205780000

Dear Ms Flaharty:

We are requesting an extension for the closure of drilling pits for the Dale Williams Lease, Well No. 1. It is located in the N/2 N/2 NE of Section 26-T16S-R9E, Morris County, Kansas. Due to the heavy rains this summer and fall, the drilling pits have not had a chance to dry out completely in order to be backfilled and leveled correctly. We are monitoring them regularly for the opportunity to get them restored.

Thank you for your help with this matter.

Yours truly,  
KNIGHTON OIL COMPANY, INC.

David D. Montague  
Geologist
