IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Operator: ESP Development, Inc.	Location of Well: County: Russell				
Lease: Counts		t from N / X S Line of Section			
Well Number: 1	2,070 fee	et from 🔲 E / 🔀 W Line of Section			
Field: Wildcat	Sec. 1 Twp. 13	S. R. 14 E 🔀 W			
Number of Acres attributable to well: QTR/QTR/QTR/QTR of acreage: NW - SE - NE - SW	Is Section: Regular or	Irregular			
	If Section is Irregular, locate we Section corner used:				
PLAT Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of					
lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).					
You may attach a sep	parate plat if desired.				

2070! Love love formed by well love forme

Pipeline LocationElectric Line Location

NOTE: In all cases locate the spot of the proposed drilling locaton.

Russell Co., KS

In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Re:

Drilling Pit Application Counts Lease Well No. 1 SW/4 1-13S-14W Russell County, Kansas

Dear Mr. Eulert:

District staff has inspected the above referenced location and has determined that the reserve pit shall be **kept away from drainage**, constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (785) 625-0550 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: http://kcc.ks.gov/conservation/forms/

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the undersigned at the above address.
