

KANSAS CORPORATION COMMISSION ONE POINT STABILIZED OPEN FLOW OR DELIVERABILITY TEST

Type Test:

- Open Flow
 Deliverability

(See Instructions on Reverse Side)

Test Date:
12/13/04

API No. 15
023-20485-0000

Company Priority Oil & Gas LLC		Lease Walz		Well Number 1-25	
County Cheyenne	Location SW SW SE NE	Section 25	TWP 4S	RNG (E/W) 42	Acres Attributed
Field Cherry Creek		Reservoir Niobrara		Gas Gathering Connection Priority Oil & Gas LLC	
Completion Date 04/10/03		Plug Back Total Depth 1352		Packer Set at	
Casing Size 4.5 in	Weight 10.5 #	Internal Diameter 4.052	Set at 1403 KB	Perforations 1181	To 1218
Tubing Size none	Weight	Internal Diameter	Set at	Perforations	To
Type Completion (Describe) co2 Frac		Type Fluid Production none		Pump Unit or Traveling Plunger? Yes / (No)	
Producing Thru (Annulus / Tubing) casing		% Carbon Dioxide 1.77		% Nitrogen 4.89	
Vertical Depth(H)		Pressure Taps		Gas Gravity - G _g .605 (Meter Run) (Prover) Size 2 in.	
Pressure Buildup: Shut in 12/12/04 20 at 3:41 (AM) (PM) Taken 20 at (AM) (PM)					
Well on Line: Started 12/13/04 20 at 4:17 (AM) (PM) Taken 20 at (AM) (PM)

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator Priority Oil & Gas LLC and that the foregoing pressure information and statements contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named.

I hereby request a one-year exemption from open flow testing for the Walz 1-25 gas well on the grounds that said well:

(Check one)

- is a coalbed methane producer
- is cycled on plunger lift due to water
- is a source of natural gas for injection into an oil reservoir undergoing ER
- is on vacuum at the present time; KCC approval Docket No. _____
- is not capable of producing at a daily rate in excess of 250 mcf/D

I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.

Date: 02/11/05

Signature: 
Title: VP - Operations

Instructions: If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
