	CONSERVATION DIVISION WICHITA, KS
I declare under penalty of perjury under the la exempt status under Rule K.A.R. 82-3-304 on beha	aws of the state of Kansas that I am authorized to request
	statements contained on this application form are true and
	ed upon available production summaries and lease records
•	letion or upon use being made of the gas well herein named.
I hereby request a one-year exemption from or	,
	per now testing for the
gas well on the grounds that said well:	
(Check one)	
is a coalbed methane producer	
is cycled on plunger lift due to v	
	ection into an oil reservoir undergoing ER
is on vacuum at the present time	• •
is not capable of producing at a	a daily rate in excess of 250 mcf/D
I further agree to supply to the best of my abilistaff as necessary to corroborate this claim for ex	ty any and all supporting documents deemed by Commission emption from testing.
Date: 7/31/07

## instructions:

Ð

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
