Re: Nelson A #5
NWNE Sec. 23-20S-16W
Pawnee County, Kansas
API # 15-145-21567-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Nelson A 5 well.

The original 365 days for closure expired on 11/14/2008. This extension will expire 12/16/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

RE: Lease: Nelson "A"#5
Legal: 4961 FSL- 1991 FEL 23-20S-16W
County: Pawnee
API NO: 15145215670000

Dear Ms. Flaharty:

This letter is to request an extension on the closing of the pits on the above captioned well. At this time the fresh water pits have been closed. We had a contractor scheduled for today to do the work. However the area received over an inch of rain this morning preventing us from backfilling the remaining pits. As soon as we can we will have the pit backfilled.

If you have any questions regarding this matter please call me or Jack Yost at 785-483-6455.

Sincerely

Marcia Blundon

Kathy
After 5 inches of rain I sure this pit is too wet. Please give them a 6 month extension.
