Re: Smith 1-27
SWSE Sec. 27-13S-32W
Logan County, Kansas
API # 15-109-20840-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Smith 1-27 well.

The original 365 days for closure expires on 05/30/2010. This extension will expire 08/31/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Re: Closure of Surface Pit Extension
Smith 1-27, API #15-109-20840, Section 27-13S-32W
Logan County, Kansas

Dear Jonelle:

Shakespeare Oil Company, Inc. requests that we be granted an extension to close the surface pits on this dry hole location. The pits and location are still too wet to reclaim according to our dirt contractor Total Lease Service of Hays, Ks. An additional three months would be sufficient for Total Lease to close the pits.

If you require additional information, please contact me at 618-548-1585 or email me at don@shakespeare-oil.com.

Very truly yours,
Shakespeare Oil Co., Inc.

Donald R. Williams
Vice President
