Re: Oetken 1-2
NESE Sec. 02-20S-16W
Pawnee County, Kansas
API # 15-145-21581-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Oetken 1-2 well.

The original 365 days for closure expired 03/02/2010. This extension will expire 08/20/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis
Director

Re: Extension of time to close drilling pits:
Oetken 1-2; Sec. 2-20S-16W, Pawnee County
API #: 15-145-21,581-0000

Dear Jonelle:

The pits associated with the drilling of the Oetken #1-2 well were inspected on May 10, 2010 and were found to be too wet to be closed at this time. We are therefore writing to request for 6 months extension.

Your favorable consideration of this matter will be highly appreciated.

Yours truly,

Loveness Mpanje
