RE: Pit Extension Request
D.Kraus A #1, NW SW SE of S21-T14S-19W, in Ellis County, Kansas
API #15-051-21356

Dear Kathy,

I am responding to your letter of June 1, 2010. We have not yet been able to get to the location to plug the well, therefore, the pit is still open.

We do appreciate you gratefully granting this pit closure extension the last two requests, and would be very grateful if we could be granted one more pit closure extension, as we are trying to get to this well and get it plugged. The weather has not been very cooperative with us.

Whatever your decision is, we will comply.

Thank you for your time again, concerning this matter. Have a Great day.

Sincerely,

RE: Work-over Pit on D Kraus A #1, API#15-051-21356, located NW SW SE of
S21-T14S-R19W, in Ellis County, Kansas

Dear Kathy,

I received your letter of July 1, 2010, concerning the closure of the above referenced pit. On June 10, I had sent a letter requesting a 3rd pit extension for this work-over pit to be used in the plugging this well.

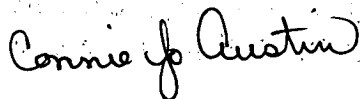

The Well Plugging Application (Form CP-1) expired as of January 31, 2010. The Temporary Abandonment of this well expires August 10, 2010. I have enclosed a Waste Transfer (Form CDP-5) completed that there was no waste as we have not plugged this well, canceling the Form CP-1. I have not filled out the Closure of Surface Pit (Form CDP-4), as I am filing another Well Plugging Application on this well, and we were waiting on the reply of the 3rd pit extension request.

We are planning on getting this well plugged as soon as the Well Plugging Application is approved along with the new form - KSONA-1.

I apologize for the inconvenience of this matter and appreciate all your time concerning this. If you have any questions, please call, 785-434-2286.

Thank you, and have a nice day.

Sincerely,

Connie Jo Austin

RE: D Kraus A #1 - Section 21-T14S-R19W - Ellis County, Kansas
API #15-051-21356

Dear Ms. Haynes,

Enclosed is a copy of letter we received from you concerning the above well. We have not been able to close this pit due to weather conditions, it has been raining quite a bit, and has been too muddy to get into location and the pit is wet.

We are sending in a Well Plugging Application (Form CP-1), and would like to use this pit in the plugging of the well. Therefore, I am requesting an extension for Pit Closure.

If you have any questions, please call 785-434-2286 Monday through Friday, After 10:30 A.M.

Thank you for your time on this matter, and have a nice day.
