Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Dwyer #5-F32-32-39 well.

The original 365 days for closure expired on 09/15/2010. This extension will expire 11/15/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Very sincerely yours,

Dear Kathy Haynes:

I am writing to request an extension of time to close the drilling pit associated with the drilling of the subject well. Presco Western, LLC, Operator License #32309, formerly operated this well. It is now operated by Oxy USA, Inc., Operator License #5447.

The original 365 days for closure expires on September 15, 2010. We are requesting a six month extension of time for closure.

If there are any questions or you require further information, contact me at the above address or by phone at (620) 629-4253.

Sincerely,

A handwritten signature in cursive script that reads "Laura Beth Hickert".
