Lane County, Kansas
API # 15-101-22192-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Tanner 1-12 well.

The original 365 days for closure expired on 08/26/2010. This extension will expire 10/26/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive, slightly slanted style.

Pit Closure

Ladies and Gentlemen,

We respectfully request a 6-month extension from the August 26th pit closure due date. Our contract dozer operator crowded the pits and dug windows, but they will still need more time due to the weather in that area.

Sincerely,

Larson Engineering, Inc.

Carol Larson
Secretary/Treasurer
