SWNE Sec. 24-33S-15W  
Barber County, Kansas  
API # 15-007-23370-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Osage 124 well.

The original 365 days for closure expired on 10/11/2009. This extension will expire 12/13/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

*Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.*

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis  
Director

RE: Osage No. 124 Pit Closure

Dear Mr. Louis:

I am writing to request an extension of the pit closure time for the Osage No. 124, API 15-007-23370-0000. We are still unable to close the pits at this location due to the amount of moisture received recently. Osage would appreciate KCC granting us an additional 120 days to close these pits.

Please call me at 620.664.9622 if you require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Brooke Maxfield".
