Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the drilling of the Sullivan/Sheriff Miss Jenny 22-9 well.

The original 365 days for closure expired 11/20/2009. This extension will expire 08/01/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

Doug Louis

Dear Ms. Rains,

As I could not find a form to fill out requesting an extension on the time our surface pit can remain open for Sullivan/Sheriff, Miss Jenny, 22-9, I am making this request by way of letter.

The extension that we were granted previously ran out on April 1st of this year. We do intend to return to this site to drill another well, and feel that it would be beneficial to leave the pits open until that time. I think that you are familiar with the circumstances surrounding this well through our conversation these past days and weeks, but if there is any further conversation or clarification required, please do not hesitate to contact me at 719.594.6458, ext 103.

Thank you for your consideration in this matter.

Sincerely,

Ron Banta
