Re: O'Loughlin-Ryan Unit 1-~~25~~ 23
SENENW Sec. 23-16S-22W
Ness County
API # 15-135-24892-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the drilling of the O'Loughlin-Ryan Unit 1-25 well.

The original 365 days for closure expired 03/27/2010. This extension will expire 07/13/2010. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form.

Failure to close the pit or request an additional extension prior to the expiration date may result in a fine in accordance with K.A.R. 82-3-602(a). An additional extension will only be granted for good cause and after K.C.C. field staff has made an inspection of the site. Should field staff discover that said pit has been closed before the date of extension request, an administrative penalty may be assessed to you through K.C.C. invoice.

If you have any questions in this regard, please do not hesitate to contact Jonelle Rains at (316) 337-6226.

Very sincerely yours,

A handwritten signature in black ink that reads "Doug Louis". The signature is written in a cursive, flowing style.

Doug Louis

Dear Sir/Madam;

Please accept our request for an extension of time in filing a Closure of Surface Pit, form CDP-4 on the above referenced well due to wet conditions. We did not receive the standard letter which would have normally been returned with this extension request on the bottom portion. We will close the drilling pit at the earliest possible time within the next few weeks as weather conditions permit. Please contact me if you have any questions. Thank you very much.

Sincerely,

Sue Davis
KCC Compliance Officer
