> RE: Lehman 4-9B/ Plugging Application NWNW Sec. 9 Township 29 South Range 24 East Crawford County, Kansas

Mr. & Mrs. Lehman,

Running Foxes Petroleum, Inc. will be plugging the above location.

We are submitting the attached application to the Kansas Corporation Commission for their approval. Part of this application process is to make you aware of our intention to plug this well.

Once this application is approved; we will plug the hole with cement to the surface. Weather permitting we will be doing surface reclamation, and any dirt work needed, as soon as possible. If you have any questions please call me at the number below. Thank you.

Sincerely,

Kent Keppel

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after October 11, 2011. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely,

Steve Bond
