Re: Workover Pit Extension
Dirks C Lease Well No. 1
Sec. 28-15S-35W
Logan County, Kansas
Permit No. 15-109-20173

Dear Sir or Madam:

This letter is written to inform you that you have been granted an additional extension of time in which to close the workover pit associated with the Dirks C lease.

This extension will expire on June 16, 2010. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Doug Louis
Director

Logan County, KS

Dear KCC:

Please accept this letter as a formal request for an extension on the Dirks C1 Pit. It is my understanding that the a work over was preformed on the well and it was not successful. Management has informed me that we ware going to go back in and possibly to a squeeze job which will require that we have a work over pit. Thank you for you time and feel free to contact me at 620-672-9001 with any question you may have.

Thank you,

4/10/10

RE: Dirks "C" Workover Pit Extension

Dear Kansas Corp. Commission:

This letter is to request an additional extension on the work over pit at the Dirks "C" lease. I spoke with Kathy Haynes and she granted the extension and requested that we send a letter to inform the Commission. We are currently working scheduling a rig to fix a tubing leak and get the well back producing. We have been hesitant to send a crew out there with the current cost of oil. Please feel free to contact me with any question you may have at 620.672.9001.

Thank you,

Kevin Fischer

RE: Closure of Work-over Pit
Dirks C 1
Sec 28-15-35W
Logan County, Kansas
API: 1510920173

RECEIVED
KANSAS CORPORATION COMMISSION

FEB 09 2009

CONSERVATION DIVISION
WICHITA, KS

To Whom It May Concern:

Please accept this letter as a request for an exception for the closure of a work-over pit for the Dirks lease located in Logan County, KS. After finishing the work-over in May of 2008 the well was put back on line. The work-over procedure performed only held for a few weeks and has developed another leak. Currently the well is shut down and we are planning to get a rig on site as soon as feasibly possible. The pit fluids have been removed and it is just an open hole currently. We are going to need the pit again to complete work-over procedures. Please accept the letter as a request to reissue the work-over pit. Once the work-over has been completed and the well is back on line I will send a CDP-4 form. Thank you for your time.

Sincerely,

Kevin Fischer
Production Technician
