Dear Sir or Madam:

This letter is written to inform you that you have been granted an extension of time in which to close the workover pit associated with the Pruess lease.

This extension will expire on July 24, 2010. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Dear Kathy,

This letter is submitted as a follow-up to our conversation on April 5, 2010.

We received a notification dated March 1, 2010, of the deadline for the closure of the pits on the above two wells of 04/24/10.

This week we "topped-off" these wells with cement as requested by Mr. Virgil Clothier. Closure of these pits will require excavation around the pit area, which has growing wheat. We would like to request an extension on this closure until wheat harvest is concluded (90 days beyond 04/24/10). I believe that this extension would be fair to the farmer involved.

Please advise.

Sincerely,

Grady Bolding
