Re: Pit Permit

API# 15-151-10694
Sec. 32-26S-12W

Dear Kathy:

Timberline is submitting a new Well Plugging Application for the VE Miskimen #4. We have already dug the pit for this well, and the permit is scheduled to expire December 1, 2009. I am requesting an extension on this pit permit so that we may plug this well. If we could have the expiration date of the extension coincide with the expiration date of the plugging application that should give us enough time to do the work and close the pit.

If you have any questions, please call me at 605-786-1349.

Thank you.

Sincerely,

Trudy K. Schreiner
