Permit No. 15-187-20733

Dear Sir or Madam:

This letter is written to inform you that you have been granted an extension of time in which to close the workover pit associated with the P Bennett lease.

This extension will expire on September 17, 2010. I urge you to make every effort to close this pit within this time frame. Extension of this time frame automatically extends the time period for filing the surface pond closure form.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Doug Louis

RE: Request for Pit Permit Extension

Dear Ms Rains:

The current pit permit for the following well is due to expire 06/17/2010

P Bennett 7-1

API 15-187-20733-00-00

Kerr-McGee had filed a notice of Intent to P&A the well and then did not get the well plugged. A new Intent was filed which expires 08/07/2010. According to field personnel we cannot get on the plugger's schedule until July which is after the expiration of the pit permit. The pit does not exist at this point in time. Please extend the expiration date of the referenced pit permit to at least 08/07/2010 so that it coincides with the Notice of Intent to P&A expiration date.

Please call me at 832-636-8380 if there are any questions or problems.

Sincerely,

Diana Smart
