Re: Walter #2 well.

Gentlemen:

The Ashland Oil & Refining Company whose District office is located in Tulsa, Oklahoma, drilled a well located in the SE NW SE of Sec.4-13S-17W of Ellis County, Kansas known as our Walter #2 well. This well was drilled to a total depth of 3650' with 8-5/8" OD casing set at 1238'. No production was encountered in the Kansas City Lime or the Arbuckle Lime and the well was plugged by rotary tools on the 16th of November, 1945.

Attached is our application to plug this well together with a copy of the certified log.

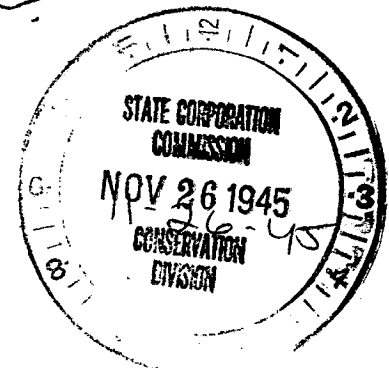

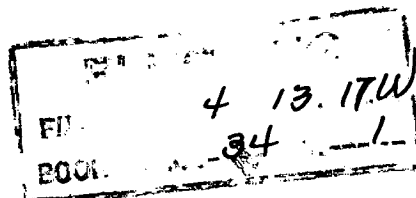

Please forward us a supply of your plugging record forms so that we can fill them out and return them to you.

Very truly yours,

ASHLAND OIL & REFINING COMPANY
