Re: Notification of Intent to P&A Well & Reclaim Location
Shore # 1 – 1022
N/2SE/4 Sec. 22, T30S-R39W
Stanton County, Kansas

Dear Mr. & Mrs. Shore:

With reference to today's telephone conversation, McElvain Oil & Gas Properties, Inc. (MOG) has made a proposal to our well partners to plug and abandon (P&A) the captioned well, remove the associated well facilities and reclaim the well pad, tank battery and access road.

MOG has also submitted a P&A application to the Kansas Corporation Commission's Oil & Gas Conservation Commission (KCC). Please refer to the enclosed KCC Form # CP-1. Upon obtaining our partners' consent to abandon and receipt of the KCC approved application we will contact you regarding an appropriate start date for the abandonment and reclamation operations.

If you have any questions, please don't hesitate to give me a call or drop me a note at the address on the letterhead. As we get closer to obtaining all necessary approval I'll contact you, discuss the anticipated operation and timing and provide you the name of and contact information for the MOG employee that will be handling the field operations.

Sincerely,

E. Reed Fischer

STANTON COUNTY, KANSAS

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

This notice is void after March 5, 2012. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.

Sincerely,

Steve Bond
