Dear Operator:

The enclosed **Well Plugging Application (CP-1)** form, received August 4, 2011, is incomplete due to non-compliance with the **Kansas Surface Owner Notification Act (KSONA)**. This form cannot be processed without the following correction(s):

In order to comply with the Kansas Surface Owner Notification Act (KSONA), effective July 1, 2010, a KSONA-1 form must be completed and mailed with a copy of the CP-1 to the Surface Owner. You must provide the ORIGINAL KSONA-1, along with the ORIGINAL CP-1, to our office. A blank KSONA-1 form is enclosed for your convenience. This form can also be downloaded from our website under 'Oil and Gas' then 'Forms'.

Have you considered utilizing our **on-line reporting system, KOLAR**, to file your forms? Some of the many advantages gained by filing your CP-1s and CP-4s via **KOLAR** are: quicker submission (many fields are auto-fill), less paper, ease of corrections, quicker communication with us, *much faster* turn-around times. Please contact Amy Banks in our IT department at (316) 337-6219 to complete the quick sign up necessary to begin benefiting from **KOLAR** if you do not already have an account.

Please make all of the above-referenced corrections and then return both **ORIGINAL forms, along with a copy of this letter, to my attention by August 23, 2011**. If you have any questions, please contact me directly at (316) 337-6108.

Sincerely,

Marjorie (Maggie) Marcotte

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after February 8, 2012. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**
