			Witness (if	any)	— -				 -	For	Company	AUG (5-2011	

I declare under penalty of perjury under the laws of the	state of Kansas that I am authorized to request						
exempt status under Rule K.A.R. 82-3-304 on behalf of the ope	rator W.R. Williams, Inc.						
and that the foregoing pressure information and statements	contained on this application form are true and						
correct to the best of my knowledge and belief based upon av	ailable production summaries and lease records						
of equipment installation and/or upon type of completion or up	on use being made of the gas well herein named.						
I hereby request a one-year exemption from open flow tes	ting for the Prickett #1						
gas well on the grounds that said well:							
(Check one)							
is a coalbed methane producer							
is cycled on plunger lift due to water							
is a source of natural gas for injection into	is a source of natural gas for injection into an oil reservoir undergoing ER is on vacuum at the present time; KCC approval Docket No.						
is on vacuum at the present time; KCC app							
is not capable of producing at a daily rate	n excess of 250 mcf/D						
I further agree to supply to the best of my ability any and staff as necessary to corroborate this claim for exemption from the Date: 7-27-11	•						
	KCC WICHITA						
Signature:	arabellana						
Title: Presid	ent						

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
