Date of closure: February 18, 2011

Was an artificial liner used? Yes No

If no, how were the sides and bottom sealed to prevent downward migration of the pit contents?

Abandonment procedure of pit:
Raymond Bradford rolled up the liner and put it in the bottom of the pit. Then, he used a loader to backfill the pit; then pack and level the site.

The undersigned hereby certifies that he / she is V.P. Finance for Younger Energy Company (Co.), a duly authorized agent, that all information shown hereon is true and correct to the best of his /her knowledge and belief.
