RE: Haul-Off Pit Application  
Albert Lease Well No. 1-8  
NW/4 Sec. 17-25S-11W  
Stafford County, Kansas

Dear Mr. Davis:

District staff has inspected the above referenced location and has determined that the haul-off pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and free fluids must be removed. The fluids are to be removed from the haul-off pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the haul-off pit has occurred. The fluids should be removed again as soon as practical after drilling operations have ceased.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2004), Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: [www.kcc.state.ks.us/conservation/forms](http://www.kcc.state.ks.us/conservation/forms).

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.**

If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely,

  
Kathy Haynes

Re: KCC Requirement

Dear Albert,

We have been advised by the KCC that they will need an approval from you, the landowner, that we can use your property in NW/4 of Sec 17-25-11, Stafford Co, to dispose of mud from:

Zelma Lease Well # 1, Sec 7-T25-R11

Albert Lease Well #1, Sec 8-T25-R11

as the state required a haul off pit.

If you agree to this procedure please sign below.

Thank you for your prompt attention as we need to have this approval in.

Respectfully,

*L D Davis*

L. D. Davis

I agree to allow the pit for haul off from the above captioned locations to be put on

NW/4 Sec 17-25-11, Stafford Co., KS, to be used for mud disposal.
