Date of Closure: 8/19/2011

Was an artificial liner used? Yes No

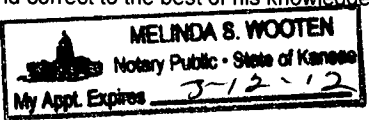

RECEIVED
AUG 25 2011
KCC WICHITA

If no, how were the sides and bottom sealed to prevent downward migration of the pit contents:

Plastic liner was used to line the pit.

Abandonment procedure of pit: There was a very minimal amount of fluids present after this workover.
Due to the extreme heat, the fluids evaporated, there were no fluids to remove. The liner was then removed
and the pit was backfilled and restored to normal condition.

The undersigned hereby certifies that he/she is Alan L. DeGood, President
for American Energies Corporation a duly authorized agent, that all information shown hereon
is true and correct to the best of his knowledge and belief.

Alan L. DeGood
