API NO.: 15-079-20687-0000

Dear Operator:

The enclosed **Well Plugging Application (CP-1) form**, received December 1, 2011, is incomplete due non-compliance with the **Kansas Surface Owner Notification Act (KSONA)**. This form cannot be processed without the following correction(s):

In order to comply with the Kansas Surface Owner Notification Act (KSONA), effective July 1, 2010, a KSONA-1 form must be completed and mailed with a copy of the CP-1 to the Surface Owner. You must provide the ORIGINAL KSONA-1, along with the ORIGINAL CP-1, to our office.

Please make the above-referenced corrections and then return both ORIGINAL forms, along with a copy of this letter, to my attention by December 14, 2011. If you have any questions, please contact me directly at (316) 337-6108.

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after June 6, 2012. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**

Sincerely,

Steve Bond
