Dear Operator:

The enclosed **Well Plugging Application (CP-1) and Certification of Compliance with the Kansas Surface Owner Notification Act (KSONA-1) forms**, received January 10, 2012, are incomplete. These forms cannot be processed without the following correction(s):

**DAETWILER 2 well:**

The section number was incorrectly listed as "3" on the *CP-1 form*. Please list the correct section number, then initial and date beside the change.

On the *KSONA-1 form*, the section number was listed incorrectly and the Surface Owner Information section was left blank. A **new KSONA-1 form**, with all sections properly completed, must be provided with the corrected CP-1 form. Please note that although we will notify the Surface Owner because you chose to pay the KSONA fee, you are still required to provide the *complete* name and address for the Surface Owner on the KSONA-1 form.

**TERRY 2 well:**

The Surface Owner Information section was left blank on the *KSONA-1 form*. A **new KSONA-1 form**, with all sections properly completed, must be provided with the corrected CP-1 form. Please note that although we will notify the Surface Owner because you chose to pay the KSONA fee, you are still required to provide the *complete* name and address for the Surface Owner on the KSONA-1 form.

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after July 24, 2012. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**

Sincerely,

Steve Bond
