I declare und	der penalty of perjury under the laws of the state of Kansas that I am authorized to request							
	der Rule K.A.R. 82-3-304 on behalf of the operator BEREN CORPORATION							
	going pressure information and statements contained on this application form are true and							
	at of my knowledge and belief based upon available production summaries and lease records							
	allation and/or upon type of completion or upon use being made of the gas well herein named.							
	est a one-year exemption from open flow testing for the HENDRICKS #1							
	rounds that said well:							
(0)								
(Chec	·							
<u> </u>	is a coalbed methane producer							
	is cycled on plunger lift due to water is a source of natural gas for injection into an oil reservoir undergoing ER							
<u></u>	is a source of flatdrai gas for injection into an oir reservoir undergoing En							
	is not capable of producing at a daily rate in excess of 250 mcf/D							
<u> </u>	is not capable of producing at a daily rate in excess of 230 meno							
I further agre	ee to supply to the best of my ability any and all supporting documents deemed by Commission							
staff as necessa	ry to corroborate this claim for exemption from testing.							
Date: December	8, 2011							
	Signature:							
	Title: PETROLEUM ENGINEER							
	1140.							

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
