exempt status under Rule and that the foregoing po- correct to the best of my lof equipment installation	alty of perjury under the laws of the state of Kansas that I am authorized to request e.K.A.R. 82-3-304 on behalf of the operator BEREXCO LLC ressure information and statements contained on this application form are true and knowledge and belief based upon available production summaries and lease records and/or upon type of completion or upon use being made of the gas well herein named. The eyear exemption from open flow testing for the Smith 1-34 Twin that said well:
is cycle is a second is a second is a second is a second is not list and list and list and list are to supplied to supplied in the second in the second is a second in the	calbed methane producer led on plunger lift due to water ource of natural gas for injection into an oil reservoir undergoing ER vacuum at the present time; KCC approval Docket No capable of producing at a daily rate in excess of 250 mcf/D oply to the best of my ability any and all supporting documents deemed by Commission roborate this claim for exemption from testing.
Date: Dec 6, 2011	Signature:

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
