Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

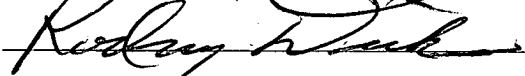

This well was partially plugged by previous operator with no records. Operator washed down inside of 2" to 150' and hit cement. Washed down on outside of 2" to 90' and hit cement. Operator turned on 1" and drilled up cement both inside and outside of 2". Operator circulated cement to surface inside and outside of 2". Pulled 1" and topped off well. A total of 23 sacks of cement were used to plug this well.
