I declare under penalty or perjury under the laws of	the state of Kansas that I am authorized to request
exempt status under Rule K.A.R. 82-3-304 on behalf of the	e operator
and that the foregoing information and statements containing	ained on this application form are true and correct to
the best of my knowledge and belief based upon gas pr	oduction records and records of equipment installa-
tion and/or of type completion or upon use of the gas we	
I hereby request a permanent exemption from open flo	ow testing for the NEWSOM 1-14
gas well on the grounds that said well:	
(Check one)	
is a coalbed methane producer	
is cycled on plunger lift due to water	
	n into an oil reservoir undergoing ER
is on vacuum at the present time; KC	
is incapable of producing at a daily ra	ite in excess of 250 mc//D
Date: 01/30/2012	
Signature:	Loreness mpagé
Title: _Pe	etroleum Geologist

Instructions:

All active gas wells must have at least an original G-2 form on file with the conservation division. If a gas well meets the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to obtain a testing exemption.

At some point during the succeeding calendar year, wellhead shut-in pressure shall be measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under "observed surface data." Shut-in pressure shall thereafter be reported yearly in the same manner.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than thirty (30) days after the taking of the pressure reading. The form must be signed and dated on the front side it was a verified report of test results.
