	·	he state of Kansas that I am authorized to request operator_F.G. Holl Company, L.L.C.						
		ned on this application form are true and correct to						
		duction records and records of equipment installa-						
tion and/or of type completion o	or upon use of the gas wel	l herein named.						
I hereby request a permaner	nt exemption from open flov	v testing for the MEIER 1-2						
gas well on the grounds that sa								
(Check one)	•							
is a coalbed	methane producer							
	plunger lift due to water							
	is a source of natural gas for injection into an oil reservoir undergoing ER							
	-	C approval Docket No.						
✓ is incapable	of producing at a daily rat	e in excess of 250 mcf/D						
Date: 01/30/2012	·							
	Signature:	Loveress Mange						
•	Title: Pe	troleum Geologist						

Instructions:

All active gas wells must have at least an original G-2 form on file with the conservation division. If a gas well meets the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to obtain a testing exemption.

At some point during the succeeding calendar year, wellhead shut-in pressure shall be measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under "observed surface data." Shut-in pressure shall thereafter be reported yearly in the same manner.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than thirty (30) days after the taking of the pressure reading. The form must be signed and dated on the front side as thought it was a verified report of test results.

JAN 3 1 2012
