Mr. Ron Molz  
Molz Oil Co., Inc.

Kiowa, KS 67070-8801

Dear Mr. Molz:

I received an email from Robert Christensen yesterday stating that you had visited with him about the well on my property, which was last operated by Molz Oil, and indicating that Molz Oil requires a short term lease in order to plug the well. In light of this I called Mr. Steve Durant, District Supervisor of the KCC, and he indicated that no lease is required, only permission to access the land for the purpose of plugging the existing well and cleaning the site.

As such, I grant Molz Oil permission to access my property for the sole purpose of plugging the well, removing all equipment and cleaning the site.

Pipe from the well was pulled and hauled off more than a year ago. It's beyond time to finish the job. Your prompt action will be appreciated.

Regards,

Dale Alltizer

Dear Operator:

This letter is to notify you that the Conservation Division has received your plugging proposal, form CP-1, for the above well and has reviewed the proposal for completeness. The central office will now forward your CP-1 to the district office listed below for review of the proposed plugging method. **Please contact the district office for approval of your proposed plugging method at least five (5) days before plugging the well, pursuant to K.A.R. 82-3-113(b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit in accordance with K.A.R. 82-3-600.**

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. This notice in no way constitutes authorization to plug the above well by persons not having legal rights of ownership or interest in the well.

**This notice is void after August 29, 2012. The CP-1 filing does not bring the above well into compliance with K.A.R. 82-3-111 with regard to the Commission's temporary abandonment requirements.**

Sincerely,

Steve Bond
